

## **To Dear Authors**

**----This journal will carry out structured abstract.**

Our journal decides to carry out writing model of structured abstract from the first issue of 2017 in order to standardize abstract format and extend effective information of abstract. Generally, structured abstract contains five parts: research objective, research method, research finding, research innovation and research value. These five phrases should be reflected explicitly in the abstract with no more than 300 words. English abstract needs to correspond to Chinese abstract. Please write your Chinese and English abstract according to the above-mentioned requirements. Thank you for your cooperation.

You may find writing model of abstract in our website: <http://iqte.cass.cn>.
